Education

Eckerd College, St. Petersburg, FL

Bachelors in Computer Science, Graduated 5/13, 3.37 GPA

Liberal Arts education with an emphasis on logical analysis, leadership, oral & written communication skills and creative, self-critical thought. Minors in Philosophy and Theatre.

Professional Experience

Associate Software Engineer

Accruent, LLC, 6/13 to 7/14 (1 year & 1 month)

Worked in a team developing enterprise software. Received Peer-to-peer award for work during company's innovation week.

Computer Science Tutor

Natural Science Collegium at Eckerd College, 6/11 to 5/13 (2 years)

Tutored students enrolled in computer science courses, maintained the computer science lab, recorded lab usage with spreadsheet

Facilitator

Leadership & Self Discovery Practicum at Eckerd College, 1/13 (1 month)

Taught, with three other facilitators, a class of twenty-three students about leadership, self-awareness, and business professionalism through team-building exercises, group discussions, personality assessments, and daily reflective writing assignments.

Student Activator

Campus Activities at Eckerd College, 8/10, 8/11 & 8/12 (3 separate months)

Assisted college freshmen during month-long freshmen orientation providing guidance, support and other help as they adjusted to college life. Also helped run orientation events for students.

Director

Theatre Department at Eckerd College, 10/10 to 11/10 (2 months)

Organized, casted, directed and acted in student-directed play. Motivated and guided a team of ten actors and two technicians. Managed budget for purchase of costumes and props.

Manager, Songwriter & Performer

3/08 to 5/09 (1 year & 3 months)

Composed original music and lyrics, booked engagements and performed at local venues. Developed strong leadership skills through managing a small team of four individuals & developed entrepreneurial skills through online promotion, social networking and sales of self-made music and merchandise.

Volunteer Experience

The Thinkery, 11/10 to present

Helps lead interactive activities based on STEAM education (Science, technology, engineering, arts and mathematics) for children aged 4 to 12

St. Petersburg Free Clinic, 10/12 to 12/12 (3 months)

Repainted clinic's interior. Reorganized medical records. Helped restock food pantry. Helped run fundraising yard sale.
